

Capitalize on your passenger flow

**WEBOX**

## WEBOX - CALCULATOR / TRANSMITTER

- Compact, powerful and multi-purpose calculator
- Powered by AI
- HD video recorder with integrated image analysis
- Integrated 4-port POE Ethernet switch
- On-board router function
- Smart Data Aggregator

## FEATURES

- GPS & GLONASS Router
- 4G LTE CAT 4 routeur
- Multi-purpose router function for on-board systems
- POE switch function for on-board systems
- Calculator and aggregator for on-board systems
- Video recorder with real time analysis up to 8 cameras

## REAL TIME DATA

- Instant sending of GPS positions
- On-board data communication: Counting/ SAE/ SIV/ Ticketing
- Aggregation of GPS positions with other data
- Encrypted data
- Automatic alarm reporting

## TECHNICAL DATA

Power supply	9 V DC - 35 V DC Protected against short-circuits
Consumption	15W
Operating temperature	-25°C — +70°C
Box	Aluminium
Dimensions	140mm x 98mm x 90mm
Weight	750g
Standards	P51/ IK07 Certified to railway standards CE/ RED/ EN50155 - EN 61000 - EN45545-2
POE power	60W/ 4 ports
MTBF	> 1 000 000 h at 35°C
Radio chip	QUALCOMM

TRAMWAY

METRO

TRAIN

BUS

COACH

SHUTTLE

## THE ADVANTAGES

- Cloud-connected calculator
- Remote status check and maintenance on the cloud
- Setup & updates via the cloud
- Association of GSM SIM cards
- AI-powered image and data processing
- French product and support in France

## ACCESSORIES AND SERVICES

- Mechanical installation kit
- Wiring kit
- Tri-mode antenna
- Installation and commissioning support service
- Monitoring SaaS of available equipment

## EASY INSTALLATION

- Fast and discreet retrofit integration
- Configuration and testing via a user-friendly web interface
- Plug & Play - Ready to use
- Aggregated, secure and ready to process/send data

## INTERFACES

Communication	Ethernet/ WIFI/ RS485/ CAN
Protocols	SOAP, TCP, UDP, FTP, SSH
Data	LTE CAT 4 - Up to 150 Mbps APN Private ready
Geolocation	GPS, GLONASS
Configuration	Via a web or remote interface
Ins/ Outs	4 programmable inputs
Compatibility	ITxPT
